PROFILE

Proficient in building predictive models and data visualizations using Python, Scikit-learn, and Power BI. Eager to apply analytical skills to solve complex business problems through data-driven insights.

EDUCATION

Sushila Devi Bansal College of Technology, Indore 2022-Present

Current CGPA- 7.18 (till 6th Semester)

- Participated in group projects and classroom discussions, developing teamwork and analytical thinking.
- Maintained consistent academic performance across all semesters.

PROJECTS

Vendor Performance Data Analytics End-to-End Project Sep 2025- oct2026

- **Tech Stack:** SQL, Python (Pandas, Matplotlib, Seaborn), Power BI, SqLite.
- **Description:** Developed an end-to-end data analytics project focused on vendor performance analysis, inventory, and sales management.

End-to-End Movie Recommendation System Dec 2025-Jan 2026

- **Tech Stack:** Python,Numpy,Pandas,Matplotlib,Seaborn,Scikit-Learn,NLTK.
- **Description:** Developed an end-to-end content-based movie recommendation system leveraging NLP (TF-IDF, Cosine Similarity).

Customer Behaviour and Shopping Trends Analysis Jan 2026

- **Tech Stack :** A backend application to convert long URLs into shortened, redirectable links**.**
- **Description :** Developed a comprehensive data analytics project mimicking a real-world corporate workflow. Performed data loading and cleaning using Python

SKILLS

- **Data Analysis & ML:** NumPy, Pandas, Matplotlib, Seaborn, Power BI ,and Scikit-learn.
- **Programming & Databases**: Python (Data Processing), SQL (Data Querying)**,** FastAPI (RESTful APIs), MySQL.
- **Tools & Version Control:** Git, GitHub, VS Code, Postman, and Microsoft Excel**.**
- **Soft Skills**: Problem-Solving, Teamwork & Collaboration, Adaptability

ACHIEVEMENTS

- Solved 150+ DSA problems on platforms such as Leetcode, GFG, and Coding Ninjas. This has led to improving proficiency in algorithms, data structures, and problem-solving
